

## **[Joint Statement] Indonesia: Government must investigate alleged arms trade between state-owned enterprises and the Myanmar military junta**

(Bangkok, 18 October 2023) - The Asian Forum for Human Rights and Development (FORUM-ASIA) and 26 member organisations express are gravely concerned over the alleged arms trade between three Indonesian state-owned weapons manufacturers and the Myanmar military junta.

We call on the Government of Indonesia to thoroughly investigate the matter and to cease all activities that could potentially enable, legitimise, or intensify the junta's atrocities.

On 2 October 2023, the Myanmar Accountability Project, the Chin Human Rights Organization, and Marzuki Darusman—Indonesia's ex-attorney general and chair of the United Nations Independent International Fact-Finding Mission on Myanmar to the National Commission on Human Rights of Indonesia (KOMNAS HAM)--filed a formal [complaint](#) to initiate an investigation into the alleged involvement of PT. Pindad, PT. PAL, and PT. Dirgantara Indonesia in supplying weapons to the Myanmar military junta, particularly since the attempted coup in February 2021.

Citing open-source investigations, the sale was allegedly made to Myanmar's True North Co. Ltd owned by Htoo Htoo Shein Oo. The latter is the son of the junta's Planning and Finance Minister Win Shein, who is currently sanctioned by the United States, Canada, and European Union for his role in the military government.

### **Contradicting Claims**

However, the three enterprises alongside its holding company, DEFEND ID, have [denied](#) the allegations. They claimed that PT Pindad's arms export to Myanmar was limited to the ASEAN Armies Rifle Meet in 2016. Meanwhile, PT. PAL and PT. Dirgantara Indonesia claimed that it never had any form of agreement with Myanmar.

Meanwhile, True North Co Ltd has referred to the three companies as its 'strategic partners.' Moreover, in July 2023—following a visit by the Indonesian President Joko Widodo to PT Pindad's manufacturing facility—PT. Pindad [confirmed](#) that it had exported munitions to multiple countries including Myanmar. This may indicate a possible provision of arms by the three companies to Myanmar before and post the attempted coup.

Lest we forget, the Myanmar military junta has [killed](#) approximately 3,857 civilians, including 610 women and 376 children. Proving its blatant disregard for human lives, the junta has launched approximately 687 airstrikes between April 2022 and July 2023. In October 2023, the junta ruthlessly [attacked](#) a camp for displaced persons in Kachin State, killing 29 people and wounding 56 others.

Reiterating Indonesia's position as the current ASEAN Chair and an upcoming member of the UN Human Rights Council from 2024 to 2026, the Indonesian Government has [pledged](#) to actively promote and protect human rights in the region. Likewise, the government committed to [condemn](#) the continued acts of violence in Myanmar. In fact, President Widodo [stated](#) that tactical and extraordinary efforts are crucial for successfully implementing the [ASEAN's five-point consensus](#). At the UN General Assembly, Indonesia [voted](#) for the prevention of arms flow to Myanmar. The Indonesian Government must therefore take genuine action to actualise such commitments.

## Call to Action

FORUM-ASIA calls on the Indonesian Government to uphold its commitment to protect human rights and cease all activities—including arms trade—that can further endanger the lives of the people of Myanmar.

To ensure accountability, we urge the government to thoroughly investigate the alleged arms trade between its state-owned companies and Myanmar.

'Stepping into its new role of championing human rights protection across the entire region, Indonesia must ensure that it does not contribute—either directly or indirectly—to the sufferings of the people of Myanmar. The government must do its best to prove and guarantee that none of its state-owned enterprises is involved in any way with the Myanmar military junta. Profits must never come at the cost of democracy, lives, and the fundamental freedoms of the Myanmar people,' said Mary Aileen Diez-Bacalso, Executive Director of FORUM-ASIA.
